CAPTURE ELDER STORIES

Oral storytelling is how the Hmong pass down history from one generation to another. Learn about an elder in your family by asking about their memories. Use this worksheet to document your family’s stories.

Ideas on what to ask:
- What did you do for a living before the Secret War?
- How did you cross from Laos to Thailand?
- What was your life like in the refugee camps in Thailand?
- What do you miss about your life before this country or America?
